

PIE

Partners in Education

LET US PARTNER WITH YOU!

The PIE program offers the best of blended learning through weekly, multi-grade classes in Language Arts, Social Studies, Science, Career Education, and Applied Design Skills & Technology combined with teacher-provided projects and practice work to complete at home between classes.

Teachers use an engaging inquiry and project-based learning approach, all taught from a Christian perspective. PIE teachers collaborate with parents, offering regular updates and twice-yearly meetings.

A Home Learning Support Teacher (HLST) partners with families to oversee the subjects not covered in PIE (Math, PE, Arts Education, and Second Languages, if applicable).
